

All-weather power supply solar energy storage cabinet system

Overview

It is built specifically for outdoor installation and integrates advanced LiFePO₄ battery technology, a high-level battery management system, and secure weatherproof housing, making it ideal for telecom towers, off-grid solar power systems, industrial parks, and smart. It is built specifically for outdoor installation and integrates advanced LiFePO₄ battery technology, a high-level battery management system, and secure weatherproof housing, making it ideal for telecom towers, off-grid solar power systems, industrial parks, and smart. The SUNWAY 50-100 kW Outdoor Cabinet ESS is an all-in-one energy storage solution designed for commercial and industrial applications. Equipped with a reliable Growatt inverter, it supports flexible battery options including rack-mount and stackable batteries. The outdoor cabinet is weatherproof. The EG4 BOSSBox is a weather-resistant energy storage enclosure designed for easy, DIY-friendly installation. Our solutions are engineered for long-term operation, scalable expansion, and seamless integration into existing commercial and industrial power systems.
