

Delivery time for 10MW solar outdoor cabinet

Overview

We can always deliver within 5-15 working days. While the big order needs to negotiate the finish production time and promise it to our customers. Can you provide OEM service?

This outdoor cabinet for energy storage system (ESS) applications is engineered to house batteries, inverters, and controllers with superior protection and durability. Featuring an IP55/IP65-rated enclosure, it offers excellent resistance to water, dust, and corrosion, making it ideal for solar. AZE's all-in-one IP55 outdoor battery cabinet system with DC48V/1500W air conditioner is a compact and flexible ESS based on the characteristics of small C&I loads. The commercial and industrial (C & I) system integrates core parts such as the battery units, PCS, fire extinguishing system. Whether you're a solar panel manufacturer, an installation company, or a maintenance provider, Dispatch is your trusted partner for seamless and reliable delivery of solar equipment. This place is called a "battery enclosure", or what is. YANGDE guarantees the purchaser for the period of two (2) years that YANGDE's new solar street lighting systems will be free from defects in materials and workmanship. YANGDE will, at its option, repair or replace any YANGDE's system that is defective for a minimum of two (2) years after the date.
