

Extra-large capacity outdoor solar cabinets for mining

Overview

Our outdoor cabinets are pre-assembled for quick deployment and can operate reliably under wide temperature ranges. They ensure stable energy storage performance in challenging climates, supporting both grid-connected and off-grid renewable energy projects. Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal. ECE One-stop outdoor solar battery storage cabinet is a beautifully designed turnkey solution for energy storage system. This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage.
