

Fixed Industrial Cabinets for Data Centers

Overview

com features server racks, server cabinets, server enclosures and cable management solutions custom designed for industrial businesses. nVent HOFFMAN provides high quality, configurable racks and cabinets designed for any Data Center and Networking application Custom Server Racks & Cabinets Manufactured for High-Performance Data Center Infrastructure! Why Sintel for Server Racks?

Design for Manufacturability (DfM) Our "Smart Engineering" team collaborates with your IT architects to reduce part costs and assembly time without sacrificing structural. Our DC Series is the Data Center Standard for high-capacity, high-weight load rated, feature rich cabinets. These deployable, seismic and UL-rated cabinets are fully welded, pre-assembled, and come standard with features such as recessed PDU Cavities, and are configurable with or without doors. Legrand is a global provider of data center server and network cabinets, providing fully enclosed racks with side panels, front and rear doors, and roofs. Customization is our foundation, not an upgrade.
