

High power solar outdoor power cabinet brand

Overview

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO_4 batteries with high thermal stability, extensive cycle life (up to 6000 cycles), and stable performance under load. Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids. Sustainable, high-efficiency energy storage solutions. It is built specifically for outdoor installation and integrates advanced LiFePO_4 battery. One cabinet per site is sufficient thanks to ultra-high energy density and efficiency. The eMIMO architecture supports multiple input (grid, PV, genset) and output (12/24/48/57 V DC, 24/36/220 V AC) modes, integrating multiple energy sources into one.
