

High-temperature outdoor cabinet for transmission nodes Latin American type

Overview

This Integrated Cabinet for Telecom Equipment is designed for outdoor telecom applications, incorporating power distribution units, thermal management (AC or fan), standard 19-inch mounting racks, battery trays, and remote monitoring modules. AZE's HVAC outdoor telecom enclosures provide superior protection for critical telecom, networking, and server equipment. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies. AZE Telecom offers top-quality weatherproof outdoor electrical enclosures and telecom cabinets. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. With IP55/IP65 protection, it ensures secure operation. Effective outdoor cabinet system integration is crucial for maintaining the reliability and performance of critical emergency infrastructure at base stations.
