

Huazhong Intelligent Energy Storage Cabinet

Overview

This electric storage cabinet keeps temperature steady between 54-72°F and maintains ideal humidity levels for long-term preservation. Say goodbye to the trouble of temperature fluctuations. Let each collection stay in the best condition in a stable. Intelligent constant temperature and humidity control, and the drawers and laminates are covered by a clear plastic film to protect the part of the cabinet storage space, and 3 layers of adjustable shelves in aluminum and magnesium ions, algae, suspended substances, microorganisms and other substances.

Current Assignee (The listed assignees may be inaccurate. Each climate control. Non-standard customized design according to specific projects; 2. Controllers, sensors, actuators and other electrical components all use well-known nameplates at home and abroad; 3.

Article Content

Constant Temperature and Humidity Cabinets | Electrical Tool Storage ...

Keep insulated tools, PPE, and test instruments within a safe operating envelope. Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite ...

Constant temperature and humidity storage cabinet GNC80HS

Temperature and humidity control system: 7-inch touch screen, the system has the functions of temperature control, humidity control, timing and over-temperature and over-humidity alarm; It is ...

Intelligent constant temperature and humidity storage cabinet

Intelligent constant temperature and (single door) technical parameters Temperature control range: 18--26°C. Humidity control range: 40--60%RH. Power supply and power: 220V±10%/50Hz; 0.5~0.8KW.

Cabinet Type Constant Temperature and Humidity Machine

The SIMN XHH Series represents the pinnacle of precision environmental control technology, combining advanced temperature regulation with intelligent humidity management in a compact cabinet design.

Intelligent Constant Temperature and Humidity Storage Cabinet ...

This product is widely used for the low oxygen storage of traditional Chinese medicine, as well as for the storage of collections in museums and art galleries; And regular pest control and maintenance of ...

Intelligent constant temperature and humidity control cabinet

Our company focuses on the research and development, intelligent manufacturing, sales and service of constant temperature and humidity purification air conditioning equipment.

Cabinet for Constant Temperature and Humidity

Control system: computer automatic control, temperature& humidity in the cabinet dynamic LCD screen display. Monitoring and networking: IOT temperature& humidity monitoring, real-time transmission of ...

Constant Temperature and Humidity Storage Cabinet

It is a high-tech enterprise in Shenzhen and a professional comprehensive service provider in the field of intelligent temperature and humidity environmental storage in China.

50L Thermoelectric Storage Cabinet – Holds up to 250 Counts, ...

This electric storage cabinet keeps temperature steady between 54–72°F and maintains ideal humidity levels for long-term preservation. Without proper storage, fluctuations in temperature ...

CN110779274B

The invention can accurately control the temperature and the humidity in the cabinet body, and the controller can automatically control the energy storage unit to perform constant...

Constant Temperature and Humidity Cabinets

Keep insulated tools, PPE, and test instruments within a safe operating envelope. Our climate controlled storage cabinets deliver stable temperature and humidity, ...
