

Import tariffs on energy storage products in ho chi minh city vietnam

Overview

To access our tariff details, please refer to below export and import tables. Note: All Surcharge and Fees shown are maximum rates and are valid until further notice (unless specified). However, in recent years, Vietnam has increased applied tariff rates on several products, and although the rates remain below its WTO bound levels, foreign businesses have been affected by the increases. Most of the products for which tariffs. On April 10, 2025, the Ministry of Industry and Trade (MOIT) issued Decision 988/QD-BCT (“Decision”), updating Vietnam's feed-in tariff (FiT) rates for solar power projects. These tariffs, effective under the framework of Circular 09/2025/TT-BCT issued on February 1, 2025 (“Circular”), will apply. Through various trade agreements with major regional and international trade partners, Viet Nam is expected to continue to boost trade and GDP growth in the future. List of goods subject to energy efficiency testing and labelling under the.
