

Is cyprus preparing to build an energy storage power station

Efficient Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 500V
- 150% Peak Output Power
- 2 MPPT Trackers, 150% DC Input Overvoltage
- Max. PV Input Current 15A, Compatible with High Power Modules

Intelligent Simple O&M

- IP68 Protection Degree, support outdoor installation
- Smart 1V Curve Diagnosis Function locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPDs prevent lightning damage
- Battery Reverse Connection Protection

Flexible Abundant Configuration

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead Acid and Lithium Batteries
- Max. 8 Units Inverters Parallel
- AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation

Overview

Cyprus will begin implementing renewable energy storage systems in 2026 at the earliest, Energy Minister George Papanastasiou announced during parliamentary discussions on Tuesday, addressing the country's growing need to manage excess green energy production. The planned battery storage. Cyprus' Department of Environment has approved a project for what is set to become one of the country's first battery energy storage systems with HESS Hybrid Energy Storage Systems is planning to install a 59 MW facility with a capacity of 120 MWh. That will ease the strain on the European Union's. Cyprus is set to expand its energy infrastructure with new storage facilities and power generators, Giorgos Petrou, president of the Cyprus energy regulatory authority (Cera) confirmed on Wednesday. TRENDING CyprusGreeceTurkeyterrorismtourismvaccine GREEK EDITION Pharmacies Home 12°Nicosia, 14 January, 2026 NEWS BUSINESS LIFE COMMENT OPINION OUT&ABOUT VIDEOS NEWS. By June 2026 at the latest, the distributed energy storage system with a total capacity of 120 MW, which is currently being implemented, will be operational and will function with full transparency on the basis of the 'Policy for Management and Participation in the Competitive Electricity Market.
