

Lightning-proof data center cabinets for mining applications

Overview

UL-certified crypto mining containers, indoor/outdoor data center racking, encompass everything you need to get up and running—in as little time as possible. If they fall into lightning protection class I, they must fulfil the highest lightning protection requirements. Well, that is what we. Scientific Lightning Solutions specializes in providing comprehensive solutions designed to address the lightning challenges faced by mining operations. Our team of experts brings a deep understanding of the mining industry, combined with technical expertise in lightning protection and risk. Our UL Listed, patented mining infrastructure is customizable and modular-built just for you and ready for expansion whenever you need it. We are renowned for our wide selection of server cabinets, including the PROTECTOR™, GUARDIAN™, and DEFENDER™ lines. Our cabinets have meshed doors and a robust six-brace design for superior load-bearing capacity. Ideal for your data center.
