

Lightning-proof network cabinets for data centers

Overview

Our vast selection of cabinets, thermal management, racks, enclosures for data centers, telecommunications equipment rooms, and enterprise cabling applications help optimize space, reduce energy consumption, and enhance network reliability. Legrand is a global provider of data center server and network cabinets, providing fully enclosed racks with side panels, front and rear doors, and roofs. We offer the most flexible cabinet and rack solutions designed to meet the needs of the most demanding environments. With the most frame styles. Legrand offers a configure-to-order cabinet platform that offers best-in-class energy efficiency with ready-to-ship parts for shorter lead times and faster deployment. Data centers replace their IT equipment much faster than the infrastructure hosting them. FlexFusion™ Cabinets XG offer a unique universal platform.
