

Lightweight and versatile solar outdoor power cabinet

Overview

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO₄ batteries with high thermal stability, extensive cycle life (up to 6000 cycles), and stable performance under load. Gives you 400 watts of solar power generation, an efficient MPPT solar controller, and a powerful pure sine wave inverter charger. Camp off grid for a long weekend with this complete solar kit for your RV. These enclosures are designed to house and safeguard electronic components from environmental factors such as dust, moisture, and physical damage. The Outdoor Photovoltaic Energy Cabinet is an all-in-one energy storage system with high strength, which can work under harsh environmental conditions to supply high-performance energy backup and regulation. Equipped with a reliable Growatt inverter, it supports flexible battery options including rack-mount and stackable batteries. The outdoor cabinet is weatherproof. The Compact and Lightweight Solar Power Cabinet delivers portable, eco-friendly energy for outdoor adventures and emergency backup.
