

Low-Temperature Type Power Storage Cabinet for Border Posts

Overview

The Dual Bay Cabinet with Cooling and Storage is designed for outdoor deployment in telecom, energy, and surveillance systems. It features two isolated compartments—one for active electronic equipment and the other for battery storage—ensuring thermal separation and operational safety. The Westell Boxer 30 Plus outdoor cabinet series provides 30 RU, 19" or 23" rails, optional battery box, and multiple mounting. Purcell Systems' solutions specifically address operators and service providers' needs for durable equipment enclosures, modular cabinets, advanced surge protection technology, optimal battery backup enclosures, superior power management, and complete climate control cabinets, for equipment. Moore Power Supply Cabinets are available for either Ground Mounts or Pad Mounts. Ventilation louvers and cutouts transfer heat to the outside. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment. Explore. LongXing outdoor power cabinet provides flexible size options, offers the ideal enclosure solution to build the whole base station inside.
