

Low-temperature outdoor communication cabinets for data centers Australia type

Overview

Protect your critical hardware in any environment with our range of weatherproof outdoor cabinets and racks. Built to withstand harsh Australian conditions, these IP-rated enclosures safeguard sensitive network and communication equipment from dust, rain, and unauthorised access. The Multi-Bay Outdoor Equipment Cabinets are available in 1, 2, 3, 4 or 5 bay configurations. In addition to traditional cooling methods, Delta's new hybrid cooling options revolutionize the cost structure of thermal management. Server racks and data cabinets, including floor-standing and free-standing server cabinets, open frames and racks, wall-mount network racks, and outdoor freestanding and wall-mount cabinets, are available to keep your networking and communication equipment secure and protected in a CERTECH network. The Eaton ExoCab outdoor telecommunications cabinets are a range of versatile, cost effective outdoor cabinets for a wide range of electronics applications. They can be configured for DC power, UPS, battery, or any other outdoor installation requiring robust protection for electronics equipment.
