

Manufacturer of IP65 Communication Cabinets for Factories

Overview

We specialize in manufacturing high-quality IP-rated enclosures up to IP65, suitable for demanding industrial and outdoor environments. Custom sizes, materials, and cutouts are available. E-abel's indoor IP65 electrical control enclosure is engineered to address these challenges head-on. Built with electro-galvanized steel, IP-rated sealing, and user-centric details such as viewing windows and integrated grounding points, this enclosure goes beyond basic protection. This article. Type C Cabinet The Cannon Type C Cabinets are totally sealed to IP 65, which makes them suitable only for passive equipment not requiring cooling. Receive updates on this section every two weeks. Please refer to our Privacy Policy for details on how. Bartakke's enclosures are designed to house control panels, PLC systems, switchgear, drives, sensors, and power distribution units — ensuring your electrical infrastructure operates safely, efficiently, and without interruption. Combining a consultative approach and engaged support, we guide you through protecting your critical network infrastructure. Climate Control Solutions: Customize with fans, air conditioners, TEC (thermoelectric coolers), or heat exchangers to maintain optimal operating.
