

Order for high-temperature resistant outdoor telecom cabinets

Overview

Explore our range of outdoor telecom cabinets engineered for reliable field deployment. Designed to protect sensitive electronic equipment from harsh weather, dust, and vandalism, our cabinets offer excellent thermal management, high structural integrity, and flexible. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices. Efficient outdoor. KDM's outdoor telecom enclosures are weatherproof, rainproof, waterproof, sun-proof, and dustproof cabinets with IP ratings of IP55 up to IP67 ratings and NEMA standards of 3R up to 6. They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads. Charles Universal Broadband Enclosures (CUBE) are constructed to withstand the elements and provide superior protection for active electronics in all environments.
