

## Port communication power supply cabinet with constant temperature and humidity

### Overview

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks. They offer a wide temperature/ humidity range, and create a stable cabinet environment with a temperature gradient/ variation in space or recorded directly. It is also possible to copy program patterns between cabinets without using a PC, enabling on Simulation To tank needs. Designed to meet the demanding requirements for precise humidity and stability, Advanced engineered design incorporates the latest in cabinet, refrigeration, temperature control and monitoring features. Provides energy efficient, convenient, safe and reliable performance for optimal storage. ESTEL offers advanced outdoor cabinets and power systems designed to protect your equipment in harsh, damp conditions.
