

Price of 50kW Energy Storage Battery Cabinet for Australian Airports

Overview

As of 2026, prices for a 50kW solar battery in Australia start from around A\$10,799, depending on the brand, battery chemistry (like LFP or NMC), and whether it's a modular or all-in-one unit. It gives you room to grow and a good buffer for those unpredictable cloudy days. This blog breaks it all down — from what it is to how much it. The Battery Box is Blue Diamond Machinery's proprietary standalone Battery Energy Storage System (BESS) designed to deliver clean, silent and reliable off-grid power. Built for Australia's harshest conditions and engineered in-house at our Clean Energy Hub, this unit provides plug-and-play power. A 50kW solar system is an ideal solution for businesses looking to cut electricity costs while transitioning to renewable energy. Whether you are in Sydney, Adelaide, Brisbane, Melbourne, Perth, or anywhere in Australia, a 50kW solar system can help you achieve energy independence and significant. Power up remote mine, construction, and industrial sites with our 50KW/75kWh, 3-phase mobile battery storage units (ESU50). We pride ourselves in our strong reputation as the leading provider of commercial solar in Australia. Individual pricing for large scale projects and wholesale demands is available. The battery cabinet has 2*50KWH (51).
