

Replace the power battery with an solar battery cabinet

Overview

Installation Video for cabinet battery and inverters, step-by-step guide teaches you how to install the MOTOMA liFePO4 solar storage battery and solar hybrid inverter. Motoma cabinet battery is typically used for residence and commerce. The PWRcell Battery is designed to house compatible lithium ion battery modules, and connects directly to the PWRcell Inverter and other REbus™ compatible components of. Whether you're planning a new solar system or looking to retrofit your existing panels, understanding the installation process can save you thousands of dollars and years of regret. Why install a solar battery?

The math behind solar battery installation has shifted dramatically. Imagine enjoying the benefits of solar power, only to find out that your battery's performance is dwindling. So-called “storage ready” systems are already equipped with an inverter that can easily direct excess power into a battery.
