Dakar, Senegal, August 7, 2025 – Just one year after laying the foundation stone, Africa REN announces the commercial commissioning of Walo Storage, the first photovoltaic facility in West Africa combined with lithium-ion battery storage, designed for frequency regulation and to. Dakar, Senegal, August 7, 2025 – Just one year after laying the foundation stone, Africa REN announces the commercial commissioning of Walo Storage, the first photovoltaic facility in West Africa combined with lithium-ion battery storage, designed for frequency regulation and to. Located in Bokhol, Dagana department, northern Senegal, the project is connected to the grid operated by Senelec. Independent power producer, Africa REN, has commissioned a 20MW of solar PV power plant with a 10MW/20MWh battery energy storage system (BESS) in Senegal. Named the Walo Storage. Cairo, Egypt and Abu Dhabi, UAE - 13 November 2023: Infinity Power, a joint venture between Egypt's Infinity and UAE's Masdar, announced today the signing of a 20-year Capacity Change Agreement with Senelec, Senegal's national electricity company to supply 40MW through a battery energy storage. Battery storage is technically and economically more competitive than conventional spinning reserve technologies. In order to complement and intensify our local impact, Walo. Senelec, Senegal's national electricity company, has a 20-year take-or-pay power purchase agreement (PPA) in place, guaranteeing revenue for Africa REN regardless of actual energy consumption. This de-risks the investment and attracts crucial capital.

Article Content

Senegal Unveils West Africa's First Solar-Battery ...

Senegal has begun commercial operations at a new solar energy facility that combines photovoltaic power with lithium-ion battery storage, the first ...

Senegal's Solar-Storage Leap: Financing the Niakhar Project with ...

Energy Resources Senegal (ERS), through its subsidiary Teranga Niakhar Storage (TNS), has successfully secured financing for the Niakhar Solar + Storage project, a 30 MW ...

Senegal switches on inaugural solar-plus-storage facility

Independent power producer Africa REN has commissioned a solar-plus-storage project in Senegal. The Walo Storage project is the first solar installation in West Africa to include energy ...

Senegal's Solar-Storage Leap: Financing the Niakhar ...

Energy Resources Senegal (ERS), through its subsidiary Teranga Niakhar Storage (TNS), has successfully secured financing for the Niakhar Solar ...

Senegal Energy Storage System Production Company

Infinity Power, a joint venture between Egypt's Infinity and UAE's Masdar, has sealed a 20-year capacity change agreement related to a 40-MW/160-MWh battery energy storage systems (BESS) ...

With the Launch of Walo Storage, Energy Innovation Emerges

With the launch of Walo Storage, Senegal's energy sector enters a new era of sustainable solar power and reliability.

Senegal Power: Africa REN Breakthrough Energizes Network

Imagine a future where power outages are a relic of the past, where renewable energy sources reliably power entire nations, and where Africa leads the charge in sustainable energy ...

Senegal Unveils West Africa's First Solar-Battery Facility To ...

Senegal has begun commercial operations at a new solar energy facility that combines photovoltaic power with lithium-ion battery storage, the first of its kind in West Africa, as the country ...

Senegal: Senelec contracts Infinity Power for 160MWh ...

The national electric utility of Senegal, Senelec, has signed a 20-year CCA with Infinity Power for a battery energy storage project.

Africa REN commissions 20MW solar-plus-storage plant in Senegal

Independent power producer, Africa REN, has commissioned a 20MW of solar PV power plant with a 10MW/20MWh battery energy storage system (BESS) in Senegal. Named the Walo ...

Walo Storage

Combining photovoltaic solar with a storage system is a unique solution to meet the current and future needs of the grid. In order to complement and intensify our local impact, Walo Storage is committed ...

Infinity Power seals 20-year agreement with Senelec to supply utility ...

Battery storage offers incredible opportunities for Senegal to reap the benefits of renewables, while ensuring people get a secure, reliable supply of energy. We are excited to begin a ...
