

Shipment volume of lithium batteries for electric tools in 2025

Overview

Lithium battery technology drives a significant increase in global power tool shipments, projected to grow from \$41.65 billion in 2025, showing strong battery demand and a 5. The market is witnessing robust growth, fueled by the rising demand for cordless power tools across professional. Lithium-ion batteries have revolutionized our everyday lives, laying the foundations for a wireless, interconnected, and fossil-fuel-free society. It is projected that between 2022 and 2030 the global demand for lithium-ion batteries will increase. Electric Tool Lithium Battery by Application (Industrial Power Tools, Professional Power Tools, Consumer Grade Power Tools), by Types (18650 Type, 21700 Type, 26650 Type, Others), by North America (United States, Canada, Mexico), by South America (Brazil, Argentina, Rest of South America), by. The global lithium-ion battery market size is valued at USD 115.

Article Content

Lithium-Ion Battery Market Trends 2025

Lithium-ion batteries are crucial for renewable storage, a key lithium ion market trend 2025. Repurposed EV batteries for grid use extend life cycles and reduce costs. US investments in renewables drive ...

Lithium-ion Batteries in Power Tools Market Report 2025 ...

The Lithium-ion batteries in power tools market has seen significant growth in recent years, driven by the increasing demand for cordless and efficient power tools.

Lithium-ion Battery Market Size to Hit USD 555.15 Billion by 2035

The lithium ion battery market is estimated to be valued at USD 74.73 Bn in 2025 and is expected to reach USD 228.47 Bn by 2032, exhibiting a ...

Global shipments of high-rate lithium batteries for power tools are ...

Statistics from the white paper show that global shipments of high-rate lithium-ion batteries for power tools will reach 2.02 billion units in 2020, and this data is expected to reach 4.93 billion units in 2025.

Lithium-ion Battery Market Size to Hit USD 555.15 Billion by 2035

The global lithium-ion battery market size is valued at USD 115.89 billion in 2025 and is predicted to increase from USD 137.33 billion in 2026 to approximately USD 555.15 billion by 2035, ...

Lithium-ion batteries

Find up-to-date statistics and facts on lithium-ion batteries.

Electric Tool Lithium Battery 2025-2033 Overview: Trends, Competitor ...

The electric tool lithium battery market exhibits a moderately concentrated landscape, with key players like Samsung SDI, LG Energy Solution, Panasonic, and several prominent Chinese manufacturers ...

Lithium battery opportunities reshape global power tool shipments in ...

Lithium battery technology drives a significant increase in global power tool shipments, projected to grow from \$41.51 billion in 2024 to \$43.65 billion in 2025.

Power Tool Batteries Market Size | Industry Report, 2030

The Lithium-ion segment dominated the power tool batteries industry, accounting for the largest revenue share in 2024 due to its superior energy density, lightweight design, and longer lifespan compared to ...

Lithium Battery Market Outlook: Tariffs and Supply Chains in 2025

This article analyzes the lithium battery cell stacking system market, assessing how 2025 tariffs, supply chain shifts, and national policies influence production, costs, and growth in the ...

Lithium Ion Battery Market Size & Opportunities, 2025-2032

The lithium ion battery market is estimated to be valued at USD 74.73 Bn in 2025 and is expected to reach USD 228.47 Bn by 2032, exhibiting a compound annual growth rate (CAGR) of ...
